

# March is Colon Cancer Awareness Month

Join City of Hope in the fight against colon cancer at these two special events.

## The Prevent Cancer Foundation Super Colon™ Is Here!

Take a walk through this 20-foot long, 8-foot tall interactive colon model to see for yourself the difference between healthy and diseased tissue. Learn why this common form of cancer is preventable, treatable and beatable. This is a learning experience for all ages. City of Hope physicians and nurses will be on hand to educate you.

Co-sponsored by  **sanofi aventis**  
Because health matters

**Time: 11 a.m. to 6:30 p.m.**

Join us for a free community lecture:

## Colon Cancer — Beating the Odds

Colon cancer is the third leading cause of cancer death in the United States, yet it is one of the most easily prevented cancers. And if detected early, it can be one of the most easily treated. At this free community lecture, our experts will share the latest information on prevention, early detection and treatment.

### Featuring City of Hope Experts:

Julio Garcia-Aguilar, M.D., Ph.D., Chair, Department of Surgery  
Donald David, M.D., Chief, Division of Gastroenterology  
Stephen Shibata, M.D., Co-director, Colorectal Cancer Program  
Can-Lan Sun, M.D., Ph.D., Assistant Research Scientist, Epidemiology and Survey Research, Outcomes Research/Intervention

**FREE COMMUNITY LECTURE**

**Time: 6 to 8 p.m.**

**For the Ask the Experts lecture, call now to reserve your seat: 800-535-1390, ext. 65669**

**Thursday, March 12, 2009**
