

The DAISY Award for Extraordinary Nurses recognizes the super-human work nurses do every day. It was established by The DAISY Foundation — a foundation for the elimination of Diseases Attacking the Immune System — in memory of Patrick J. Barnes.

Barnes' parents established the foundation in their son's memory because they had experienced firsthand the skills as well as the compassionate caring of many nurses. The award is given monthly to outstanding nurses in over 50 hospitals across the country. City of Hope is proud to be among the recognized hospitals.

To learn more about The DAISY Award at City of Hope go to:

City of Hope is a new model of a cancer center. Here, medical research and clinical care are joined, speeding the application of scientific discoveries to newer, more effective patient treatments. From breakthroughs in basic biology to smarter technologies for diagnosis and therapy, progress at City of Hope is accelerated by the need to offer more positive outcomes to patients everywhere. Our research innovations become advances in clinical care as quickly as possible, because people battling cancer and other serious diseases need better options — now.
