CITY OF HOPE
CHARITY CARE FINANCIAL EVALUATION FORM

Instructions

As part of our commitment to serve the community, City of Hope elects to provide financial assistance to patients who are indigent and satisfy certain requirements.

Financial assistance is not considered to be a substitute for personal responsibility, and patient families are expected to cooperate by providing complete and accurate information so City of Hope can determine a patient's eligibility for our financial assistance program, and to contribute to the cost of the patient's care based on individual ability to pay.

Individuals who are eligible to apply for public assistance, as well as individuals with the capacity to purchase health insurance, will be encouraged to do so as a means of assuring access to health care services.

To determine if a patient qualifies for financial assistance, we need to obtain certain financial information. Your cooperation will allow us to give all due consideration to your request for financial assistance.
