

# Using the Journals A-Z List

- Getting Started
- Search for a Journal
- Browse the Journal Collection
- Interpreting the List of Available Journals
- Search for a Specific Article Using the PubMed ID Number

#### **Getting Started**

From the Graff Library home page, <u>http://library.coh.org</u>, select Journals A-Z

Journals A-Z
Find Journals
Title begins with 🔽 Search
Browse Journals
0-9 A B C D E F G H I J K L M N O P Q R S T U V W X Y Z
Search by PubMed ID Number
Search

Search for a Journal

The Find feature allows you to search for a journal by title, keyword, or ISSN

Title contains all words 💌	virology	Search
Title begins with		
Title equals		
Title contains all words		
ISSN equals		

- **Title begins with** will find all journals in the Graff Library collection that begin with the word "virology" including *Virology* and *Virology Journal*
- **Title equals** will find the journal Virology
- **Title contains all words** will find every library journal with "virology" anywhere in the title including *Archives of Virology, Journal in Contemporary Virology, Journal of Medical Virology, Virology,* etc
- ISSN equals allows you to search for a specific journal by International Standard Serial Number

#### Browse the Journal Collection

Select your letter of choice (e.g., D)

- Each page contains 100 title entries
- The navigation links at the top and bottom of each page list the first journal title on each page of 100 titles. For example, the D list begins on page 1 with *D-Lib Magazine*, page 2 (shown above) begins with *Developmental Cell*
- Use the navigation links to go to the correct place in the alphabet then scroll down or use the "Find" feature of your browser (usually Ctrl+F) to jump to the journal you want

## Interpreting the List of Available Journals

Each journal title includes every version available; print and online journals are both included

## Cancer science (1347-3032) Look up Atticle from 01/01/1988 to present in <u>Blackwell-Synergy Online</u> from 01/01/1988 to 2 years ago in <u>Blackwell-Synergy Online - Open Access</u> from 01/01/2003 to present in <u>Blackwell STM Collection Online (SCELC)</u> from 2003 to 2007 in <u>Graff Library Print Collection</u>

- Blackwell-Synergy Online the library subscribes to this journal from 1988 to the present and the subscription is through the publisher, Blackwell Publishing
- Blackwell-Synergy Online Open Access the publisher makes this journal freely available from 1988 to 2 years ago
- Blackwell STM Collection (SCELC) City of Hope has access to this journal from 2003 to the present because it is part of the collection available to the library through the Statewide California Electronic Library Consortium (SCELC). SCELC negotiates low-priced journal packages for academic and special libraries.
- **Graff Library Print Collection** this journal is available in print in the Graff Library from 2003 2007

The links to the online content will take you directly to the journal. The Graff Library Print Collection link will connect you to the library's homepage where you can search the catalog; however, since the available years are listed before the link, there is no need to click and search the catalog.

# Search for a Specific Article Using the PubMed ID Number

If you have a PMID you can enter it into the Journal A-Z page search and link to the article you need

Search by PubMed ID Number			
17085654	Search		

Searching retrieves the article linker page which will list your citation and any full text availability

Citation				
			Refine Citation	
Fujita, Yoshihisa (11/01/2006). "Proteomics-based approach identifying autoantibody against peroxiredoxin VI as a novel serum marker in esophageal squamous cell carcinoma.". <i>Clinical cancer research (1078-0432</i> ), 12 (21), p. 6415.				
PMID: 17085654				
Forth Annal Annal Induition				
Full-text Availability				
Content is available via the following links				
Subscription Range	Links to	content	Resource	
01/01/1995 - present	<u>Article</u>	<u>Journal</u>	AACR Online	
1995 - present			Graff Library Print Collection	
following full-text links:	<u>Article</u>		10.1158/1078-0432.CCR-06-1315	

Clicking on the **Article** link for from the AACR Online will open the PDF of the article. The **crossref** Article link (when listed) will produce the same results. If an Article link is not listed, the **Journal** link will link to the electronic journal's homepage where you can navigate to the volume and issue you need. Print holdings are also listed.
