

2022 Healthy Living Community Grant Program

Supporting community-led efforts at addressing prevention strategies that promote health equity and healthy living is paramount to our success as a nonprofit hospital. To do this, City of Hope established the Healthy Living Grant program. The Healthy Living Grant program is giving out \$5,000 grants to groups/organizations that can demonstrate **not-so-ordinary, sustainable, and collaborative approaches** to promoting healthy living by addressing the root causes of illness and disease.

How to Apply

Step 1: Select the Health Topic(s) your project will address.

Applicants must provide services, for **vulnerable populations**, within the Greater Los Angeles or Orange County region. Proposals must incorporate at least one of these five topics below: (see the [2021-2023 COH Implementation Strategy](#), page 13, for more ideas):
