

ABSTRACT GUIDELINES

STYLE

All text should be entered as Arial font size 12.

For Greek and scientific symbols (alpha, beta, etc.), use the Symbol option on the tool bar, do not copy from other documents. For example: α -helix, β cells

ABSTRACT INSTRUCTIONS

FOCUS: The content of the abstract should focus on islet biology.

THEMES: Determine the primary and secondary category to which you feel your abstract most pertains:

- Beta-cell death and regeneration
- Beta-cell development
- Beta-cell function and dysfunction
- Beta-cell replacement therapies
- New technologies to study the islet
- Other islet endocrine cells

TITLE: Enter abstract title. Use title case for the entire title.

AUTHOR INFORMATION: Enter all the author names and affiliations.

First Author¹, Middle Author^{1, 2}, Middle Author^{1, 2}, Last Author^{1, 2, 3}

(First author bolded and affiliations designated by superscripted numbers)

1. Affiliations – Institute, Department, University, City, State/Province
2. Affiliations – Institute, Department, University, City, State/Province
3. Affiliations – Institute, Department, University, City, State/Province

Example Authors:

James C. Islet¹, Mary J. Pancreas^{1, 2}, Daniel G. Abdomen^{1, 2, 3}

Example Affiliations:

1. Department of Medicine, University of Washington, Seattle, WA
2. BC Children's Hospital Research Institute, Vancouver, BC
3. Barbara Davis Center for Diabetes, Department of Pediatrics, University of Colorado Denver, Aurora, CO

TYPE: The abstract should be 300 words max. Use English only.

SUBMISSIONS: An electronic submission form is provided at the "Submit your abstract" link for all submissions. The abstract submission deadline is **October 1, 2022**. Upon successful submission, the presenting author will receive an automatic onscreen confirmation and receive an email confirmation.

REGISTRATION FEES: All presenters are required to register for the meeting and pay the registration fee.
