

Clinical Teaching & Mentorship Fellowship Program

2020-2021
SCHEDULE

The Difficult Discussion Workshops will be interactive, scenario-based demonstrations. They will walk you through different patient encounters and allow for a guided discussion.

Dr. Waisman will give 30-45 minute talks that will parallel the Difficult Discussion Workshops. In these he will share his personal anecdotes, "words of wisdom", and highlight his approach to working with patients.

Series of talks by faculty and other experts focused on developing skills needed to succeed professionally.
