Financial Resources

21st Century C.A.R.E.

21st Century C.A.R.E. offers patients financial assistance for incidental expenses related to treatment, including transportation to and from treatments, follow-up visits related to cancer-care, childcare during treatment, temporary housing due to geographical distance from the treatment center, medical supplies and much more. To be eligible, patients must have a Social Security number, be working, disabled, a student or retired, be referred by a qualified physician, be currently undergoing treatment for cancer, be within six months of a cancer diagnosis, have completed treatment within six months, or be in need of cancer screening.

 21stcenturycare.org

 (888) 850-1622

Breast and Cervical Cancer Treatment Program (BCCTP)

The BCCTP provides needed cancer treatment to eligible individuals diagnosed with breast and/or cervical cancer and who are in need of treatment. Low-income California residents who have breast and/or cervical cancer can enroll at a doctor's office to get no-cost cancer treatment coverage as soon as possible after diagnosis.

 (877) 467-3638

Cancer Support Community — Benjamin Center

Blood Cancers Support Group

This support group is for anyone with a blood cancer diagnosis and/or loved ones.

Brain Tumor Group

This support group is for people with brain or metastatic cancer to the brain and/or loved ones.

Breast Cancer Group, Stages 1 and 2

This group provides support for those who have had an early stage breast cancer diagnosis. The support group is focused on reducing distress through conversation, taking positive steps in making treatment decisions, and discovering ways to function more effectively in day-to-day life.

Breast Cancer Group, Stages 3 and 4

This is a support group for those with Stage 3, 4, recurrent, and/or metastatic breast cancer. The group is focused on taking positive steps in making treatment decisions, discovering ways to function more effectively during stressful times and finding hope.

Gay Men's Prostate Cancer Group

This support group is for gay men with prostate cancer and/or their partners.

Grupo de Apoyo

This is a Spanish-speaking support group for people with all cancer diagnoses and their loved ones.

Kid Support

Kid Support is a free program for families with children, ages 5-17, who have a parent, grandparent, other family member or friend with cancer (either in treatment or post-treatment), or for children who have cancer themselves. Kid Support offers children and teens an opportunity to make friends and learn skills to help them cope with the impact of cancer.

Pancreatic Cancer Group for People With Cancer and Loved Ones

This support group offers information, education, emotional support and resources for people with pancreatic cancer and/or loved ones.

Prostate Cancer Group

This monthly networking group is an opportunity to talk about prostate cancer while learning about options and education.

Return to Wellness: Post-Treatment Breast Cancer Group

This group is for women with breast cancer who are post-treatment and wish to discuss issues of survivorship.

Support Groups for People with Cancer

These dedicated support groups meet at the same time weekly with a consistent group of people.

Time to Talk

This support group is for people with cancer and is open to all diagnoses and stages.

Wellness Connection

The goal of this group is connection. Survivorship issues, such as returning to health in body and mind, dating, re-entry into the workforce, lasting effects of treatment and unwanted aloneness are common topics. The group provides support for actual and feared recurrence, and focuses on wellness, socialization and friendship with people who understand.

Young Adults Group

This group is for young adults between the ages of 18 and 40ish, in treatment or out of treatment. Common topics include relationships, dating, fertility and impact on one's professional self.

 cancersupportla.org

 (310) 314-2555

Cancer Support Community — Pasadena

Caregiver Support Group

This support group is for caregivers of cancer patients or survivors.

Children's Corner

This support group is for children and teens, ages 5 to 17, who have a parent or loved one with, or recently deceased from, cancer.

Family and Friends Support Group

This support group is for family and friends of those diagnosed with cancer.

General Support Group

Weekly support groups are the heart of the Cancer Support Community program. This general support group is for cancer patients or survivors of all diagnoses.

Grupo Fuerza Y Esperanza

This is a support group for Spanish-speaking cancer patients and caregivers.

Lunch Bunch Breast Cancer Group

The "Lunch Bunch" Breast Cancer Group is a support group for women with nonmetastatic forms of breast cancer, newly diagnosed, those currently in active treatment (chemotherapy and/or radiation) and those within 18 months of completion of active treatment. The group will focus on issues of women with nonmetastatic forms of the disease, challenges of treatment and treatment side effects, concerns about body image, sexuality, recurrence, anxiety, reconstruction, returning to the workforce and changes in relationships due to a breast cancer diagnosis.

Survivorship Group

This group is for those who have completed treatment and wish to discuss issues and concerns regarding survivorship.

 cscpasadena.org

 (626) 796-1083

Cancer Support Community — Redondo Beach

After Breast Cancer Networking Group

This is a support group for survivors of breast cancer.

Camino de Cancer

This is a Spanish speaking support group.

Carcinoid and Neuro-Endocrine Tumor Networking Group

This is a support group for those diagnosed with carcinoid or neuro-endocrine tumors.

Celebrando La Vida

This is a support group in Spanish for patients, survivors and families of those fighting cancer.

Colo-rectal Networking Group

This support group is open to colorectal cancer patients and survivors.

Leukemia, Lymphoma, and Multiple Myeloma Networking Group

This is a support group for patients and survivors of leukemia, lymphoma and multiple myeloma.

Life After Cancer Networking Group

This is a support group for survivors of any type of cancer.

Lung Cancer Networking Group

This support group is open to lung cancer patients and survivors.

Prostate Cancer Networking Group

This support group is open to prostate cancer patients and survivors.

Sarcoma Alliance Networking Group

This support group is open to sarcoma patients and survivors.

Thyroid Cancer Networking Group

This support group is open to thyroid cancer patients and survivors.

Cancer Support Community — Valley, Ventura, Santa Barbara

Brain Tumor Support Group

This support group is for people who have been diagnosed with a brain tumor, as well as for spouses/significant others.

Breast Cancer Support Group

This group explores specific issues and concerns for those who have or previously had breast cancer.

Family Support Group

This family support group offers a safe place to talk about the roller coaster of emotions (fear, anxiety, powerlessness, anger, sadness, etc.) and issues related to having a loved one with cancer.

General Support Group

This support group offers a safe place for cancer patients and survivors to share feelings, concerns, information and support. Through these sessions, patients build an “extended family” and explore new ways of coping with the physical and emotional aspects of cancer.

Grupos de Apoyo en Español

These support groups, conducted in Spanish, provide an opportunity for cancer patients and their families to support each other and explore new ways to deal with the stress of cancer.

Gynecologic Cancer Support Group

This group is for women who have or who have had any gynecological cancer. It provides an opportunity to share feelings, issues and concerns in a very personal and intimate way. There is also an opportunity to exchange information with women who are knowledgeable about gynecologic cancers.

Prostate Cancer Group

This group is for men with prostate cancer, and provides a place to raise issues and concerns about sexual functioning, job conflicts, family role changes, self-image and other quality-of-life issues. Information on treatment options, new treatments, research studies, conferences and resources is shared.

Young Adults Support Group

This support group is open to young adult cancer patients and survivors.
