Disability and Social Security

State Disability Insurance (SDI): Short Term Disability is available for up to 12 months. California SDI is a partial wage-replacement insurance plan for California workers. The SDI program is state-mandated, and funded through employee payroll deductions. SDI provides affordable, short-term benefits to eligible workers who suffer a loss of wages when they are unable to work due to a nonwork-related illness or injury, or a medically disabling condition. If you have been disabled for longer than six months you may be referred to Social Security Disability Insurance.

Transportation Assistance and Services

It can be hard to get to and from your medical treatments. If you cannot drive, or do not have a car or someone to drive you to and from your appointments, there are some resources that may be able to provide transportation support for you.

CITY, COUNTY AND STATE GOVERNMENT AGENCIES

These agencies can arrange for low-cost or free local transportation for people who are disabled and meet income criteria. They can provide you with information on Dial-A-Ride, Access and local nonprofit organizations near your home.

ACCESS

ACCESS is the Americans with Disabilities Act complimentary paratransit service for individuals with disabilities who live in Los Angeles and Orange counties. Preregistration and evaluation are required. For more information and the application process, contact ACCESS Services Inc.

Angels Wheels to Healing

This nonprofit charity provides non-emergency, long-distance ground transportation to financially disadvantaged patients who can walk without help. They don't normally make local drives and the long distance trips are not more than 300 miles each way. For cancer patients traveling daily for treatment, each case will be reviewed and some exceptions may apply.

National Patient Travel Center

This center provides information about all forms of charitable, long-distance medically-related transportation and provides referrals to the national charitable medical transportation network. They help patients in financial need receive access to distant specialized medical evaluation, diagnosis or treatment for lack of a means of long-distance medical transportation. This is a referral service and there is no cost for the information. Programs include:

Airline Tickets for Patients/Escorts: This is the only source in the nation for full information on all available charitable or deep-discount airline ticket programs for patients and patient escorts. Ambulatory patient travel in excess of 1,000 miles necessitates the use of airline resources.

Long Distance Ground Transportation: This provides non-emergency long distance ground transportation for financially needy ambulatory patients traveling for treatment. Transportation provided by commercial means (Greyhound, Amtrak, etc.) as well as the provision of gas cards. Typical trip does not exceed 250 miles (one-way).

Community Health Centers and Primary Care Providers

Having a regular primary care physician (family doctor or nurse practitioner) is very important for staying healthy. Regular follow-up visits with your primary care provider, even when you feel healthy, can help prevent small problems from becoming big.

Most of the clinics, doctors and other health care centers listed below provide high quality medical and social services at reduced prices. They accept health insurance, Medicare, Medi-Cal and low-income county-based health coverage programs. Many also offer sliding scale fees for doctor/nurse visits and medications. Their health advocates can help you and your family find what health care coverage programs you may be eligible for, including Covered California or cancer detection and prevention programs.

Free Computer Use and Other Public Library Services

Public libraries are an excellent place for finding resources in both the community and also inside the library itself. Many branches have free computer access for public use, including internet use, word processing and printing services (at a small cost per page), photocopy and faxing services.

To find your nearest public library, visit the Southern California Libraries Cooperative at socallibraries.org/libraries.

Los Angeles Public Library

Word processing services offered include Microsoft Word, Wordpad and Adobe PDF software. Bring your own flash drive; save to Google Docs.

Programs include:

Homebound Friends and Neighbors: Homebound library patrons may choose a friend or neighbor to pick up and return library materials. To apply for a homebound library card, or if you need additional information about this service, contact your local branch, call the Circulation Support Office **213-228-7065**, or visit lapl.org/sites/default/files/media/pdf/homebound_card_app.pdf to print out and mail in an application.

Audiobook and e-Audiobook Collection: Audiobooks are available from the Central Library and branches of the Los Angeles Public Library in all subject areas. In addition, e-audiobooks are accessible through the Library's e-Media lapl.org/collections-resources/e-media home page.

Large Type Book Collection: Large type books are available from the Central Library and many Los Angeles Public Library branches. The Central Library collection is located in the Literature and Fiction Department on the third floor. Contact your local branch to find out how you can request for large type books to be delivered to your local branch.
